

4 permits from end of June.
 Work not proceeding satisfactorily
 supervised. No other workers than crew of
 20 allowed. 200 ft. off
 Woodch - ~~WILDERNESS~~ 1300 ft. of dead zone?

Doc front line - higher altitude

What work will be done?
 The 4 permits issued the department
 for Eng. in No. 2
 [scribbled]

What do you think about the work?

Re: 200 ft. off Woodch -
 lack of supervision - need more control

Caroleen? Find out who's ext. result
 & who's in charge
